

LABOR CAMPAIGN FOR SINGLE-PAYER HEALTHCARE

National meeting Call

March 5-7, 2010 ~ National Labor College - Washington, DC Area

Healthcare Is A Right - Not A Privilege

LCS-P was founded in January, 2009. Our Mission: to help build and coordinate grassroots labor support for a Single-Payer 'Medicare-for-All' healthcare system in America. The nation's lawmakers are taking a wrong turn with today's health care "reform" legislation. Collective bargaining will be further compromised and the need for single-payer will become more acute.

All labor organizations that want to continue to build the campaign for a universal, comprehensive, affordable single-payer system in this country are invited to attend and help shape the strategy to take the fight for healthcare justice to the next level for the enduring benefit of our members and all workers in America.
