

LABOR CAMPAIGN FOR SINGLE-PAYER HEALTHCARE

National meeting Call

January 10-11, 2009 ~ St. Louis Missouri

Healthcare Is A Right - Not A Privilege

Our healthcare system is in crisis and those of us in the Labor Movement who support HR 676, the Single-Payer “Medicare for All” legislation, have an important job to do.

All labor organizations who support the passage of HR676 are invited to attend and participate in making the decision to launch a dynamic campaign for the only workable solution to today’s healthcare crisis.
